

HUGHES OF N. Y. DETERMINED

New York Governor Will Continue to Fight.

MESSAGE TO LEGISLATURE

Declares Wednesday's Vote in Senate Could Not Be Regarded as Disposing of Anti-Gambling Legislation—Special Session Probable.

Albany, N. Y., April 10.—Any expectation that a lull would follow the storm in the legislature when the senate by a tie vote defeated the anti-race track legislation desired by Governor Hughes, was dispelled at the opening of the session in dramatic fashion. Hardly had either house convened when the secretary to the governor marched up the aisle with a "communication in writing from the governor." When read in each house the "communication" proved to be a special message couched in the governor's most direct and vigorous style, declaring first that Wednesday's vote in the senate could not be regarded as disposing of the anti-gambling legislation and calling attention to several other matters on which the governor believes the legislature should pass before final adjournment.

Almost simultaneously with the sending of the message to both houses, the governor caused it to be made known that it is his intention to proclaim a special election, probably on May 12, in the Niagara-Orleans sena-

CHARLES EVANS HUGHES.

torial district to fill the vacancy in the senate caused by the recent death of Senator Franchot of Niagara Falls. At the same time he put forth also the intimation that he would probably call an extra session of the legislature to convene on Monday, May 11.

The announcement of the special election was of more than ordinary interest, especially because of the bearing this might have on the anti-gambling bills should they be presented at the proposed extra session in view of the possibility that the bills might gain a supporter in the new senator.

Vetoes Attract Interest.

More than ordinary interest was attributed to the veto by Governor Hughes of a local bill of Senator Wemple, relative to the village of Saratoga Springs, and to the fact that he compelled the recall (to avoid veto) of Senator Grattan's bill, extending the time for construction of the Albany and Schohaire River road, both of these senators having voted against the anti-gambling bills. When the governor's attention was drawn to the coincidence he declined to make any comment for publication, but pointed out first, that Senator Grattan's bill plainly violated a policy which the governor declared against last year, and second, that he had approved bills of Senators Cassidy and Gilchrist, who also voted against the anti-gambling bills.

The senate especially received the message with every evidence of surprise. A number of senators on both sides were absent.

Sensors Grady and McCarren, who were leaders in the successful opposition to the gambling bills, took the occasion to make bitter attacks upon Governor Hughes. Senator McCarren suggested "that a respectful message be sent to the governor advising him to mind his own business."

Sensor Raines, the majority leader, promptly resented this manner of receiving the message and upon his motion the various recommendations were referred, each to the place or committee where stands the matter to which it alludes.

In the assembly the message caused

no less of a sensation. After it had been read Minority Leader Palmer moved that certified copies of the vote of the assembly on the anti-gambling bills be sent to the governor, "so that we shall have to stand no more lectures on that subject."

Majority Leader Merritt objected and the message was then ordered printed and laid upon the table.

La Follette Gets All But One.

Milwaukee, April 10.—Dispatches to the Sentinel from the Eighth and Tenth congressional districts show that La Follette delegates have been elected in the Eighth district, but Walter Alexander, a Taft delegate, has won in the Tenth. The other Tenth district delegate is a La Follette man.

CAUGHT NAPPING.

House Democrats Force Republicans to Produce a Quorum.

Washington, April 10.—Three times in the house the Democrats caught the Republicans napping and forced them to produce a quorum.

On one other occasion a vote by tellers disclosed the absence of a quorum, but Speaker Cannon peremptorily applied the Reed rule and declared a quorum to be present. In doing so he had a brief but lively clash with Mr. Williams.

Notwithstanding repeated roll calls progress was made in the transaction of public business. Both the army and the fortifications appropriation bills were sent to conference, the senate bill to increase the efficiency of the revenue cutter service was, with Democratic help, passed and the bill to promote the safe transportation in interstate commerce of explosives was considered.

The Democrats prevented the adoption of the conference report on the Indian appropriation bill and caused it to be sent back to conference.

TAFT IN CINCINNATI.

Guest of Honor and Sole Speaker at a Banquet.

Cincinnati, April 10.—Secretary of War William H. Taft was the guest of honor and sole speaker at a banquet in this city given by the Phoenix club, which was attended by more than 200 prominent citizens, nearly all of whom were old friends and neighbors of the speaker.

During the day Mr. Taft was busy, but not in a strenuous way, much of the programme being devoted to recreation. A reception at noon in the chamber of commerce was the occasion for a few remarks on the Panama canal.

He was taken to League park, where he saw the National league team of his native city defeat the American league team representing the capital city, in which he now resides.

The reception that preceded the evening banquet was largely attended.

Corse Packed in Sawdust.

Edmonton, Alberta, April 10.—Sergeant Anderson has arrived here from the far Peace river country with the body of a murdered man, George W. Coleman, in a tin case packed in sawdust. It took several weeks to come down over snow and ice, but the trip was necessary in connection with the trial of Fred Trumppour, now in Kamloops, B. C., jail for murder. Several witnesses also came down. The trial will be the costliest in recent years in Western Canada.

BRIDEGROOM IN PRISON.

Accused of Killing Member of a Charivari Party.

Minneapolis, April 10.—Instead of speeding away on a happy honeymoon as he expected to do, William Griswold is locked up in the Hennepin county jail, facing the charge of having shot and killed Bennie Navratil, six years old, who had innocently joined a charivari party that strenuously serenaded the newly wedded couple in the suburb of Hopkins.

Griswold denied that he committed the crime, asserting that another man on the sidewalk across the street did the shooting. He says this man is an enemy of his and was shooting at him and hit the little boy. He declared that a warrant for the arrest of this man will be sworn out. The Hennepin county officials place little credence in the story.

The shooting took place early Wednesday evening. The victim was rushed to St. Barnabas hospital in Minneapolis, where, despite the efforts of a quartet of physicians, he died.

Griswold is an employee of a Minneapolis window cleaning concern. His bride was Miss Sadoni Miller, daughter of Chris Miller.

PASSES THE SENATE

Employers' Liability Bill Favorably Acted Upon.

MEASURE IS NOT AMENDED

Goes Through the Upper House of Congress Just as It Was Passed by the Lower—Effort to Substitute Senate Bill Defeated.

Washington, April 10.—The bill relating to the liability of common carriers by railroads passed by the house of representatives on April 6, was passed by the senate without amendment and without a division.

The senate bill on the same subject was not confined to railroads, but covered all forms of common carriers and Senator Dolliver, who had reported it from the committee on education and labor, sought to substitute it for the house bill, but his motion was defeated. Numerous amendments were offered to the bill, but all were voted down. As passed, the bill is expected to meet the objections of the United States supreme court to the common carrier liability law of 1896, decided to be unconstitutional by the court.

The bill abolishes the strict common law liability which bars a recovery for personal injury or death of an employee occasioned by the negligence of a fellow servant. It also relaxes the common law rule which makes contributory negligence a defense to claims for such injuries, and permits an employee to recover for an injury caused by the negligence of a co-employee. The bill does not bar recovery even though the injured one contributed by his own negligence to the injury. The amount of the recovery is diminished in the same degree that the negligence of the injured one contributed to the injury.

During the discussion of the measure there was extended reference to campaign contributions by railroad men and especially to the Harriman contribution to the Republican campaign of 1904.

Because the senate bill did not specify the cause for the injury or death of the employee, Mr. Nelson of Minnesota said he believed it would be pronounced unconstitutional by the supreme court of the United States. The bill would make the company liable for injury or death whether it related to the service or not.

Two employees of a railroad might by their negligence wreck a train and kill 100 people, said Mr. Elkins, and yet the proposed law would pay for the injuries received by those employees. He did not believe that was a just provision.

JOINS ADMIRAL EVANS.

Mrs. Evans Arrives at Paso Robles Hot Springs, Cal.

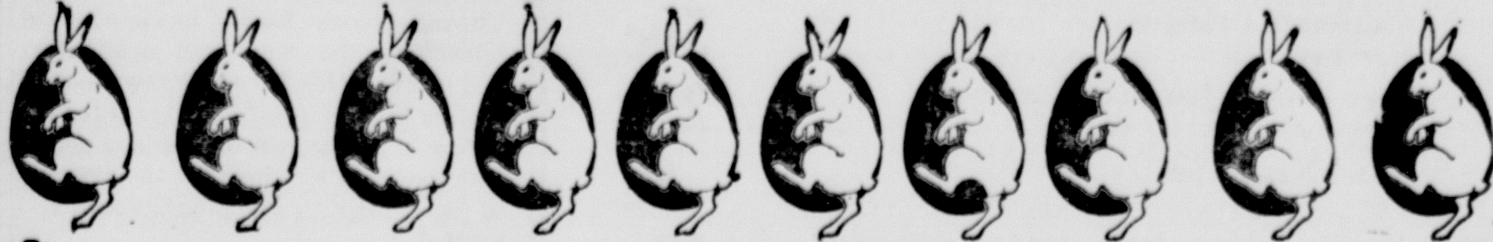

Paso Robles Hot Springs, Cal., April 10.—Mrs. Robley D. Evans and her daughter, Mrs. Charlotte C. Marsh, have arrived here and joined Rear Admiral Evans at the hot springs. Their coming cheered him greatly, and it is believed will have a beneficial effect.

Mrs. Evans and Mrs. Marsh were accompanied by Lieutenant Frank Taylor Evans, who went to Los Angeles to meet them, Mayor A. C. Harper of Los Angeles and a number of personal friends.

Dr. P. E. McDonald, surgeon on the Connecticut, who is in charge of Admiral Evans, has been given a free hand by the department in Washington to call other physicians in consultation upon the sick admiral's case. Lieutenant Colonel George H. Torney, department surgeon general at the Presidio, San Francisco, who is a personal friend of Admiral Evans, was here last Sunday and Monday and made a thorough examination of him. He agreed with Dr. McDonald that the proper course of treatment was being followed. Dr. Torney will come to the springs again for the purpose of seeing Admiral Evans. Now that the admiral's rheumatism has been greatly relieved by the treatment here the efforts of the physicians will be directed toward building up his strength. Lieutenant Evans vehemently denounced as untrue statements published that Admiral Evans was injured Wednesday while being wheeled by his attendant.

Summers Knocks Out Burns.

Baltimore, April 10.—Johnny Summers of England knocked out Sold R. Burns of this city in the thirteenth round of what was scheduled as a fifteen-round fight, before the Eureka Athletic club. Summers outfought Burns throughout, the last named indeed doing little fighting, but covering and holding constantly. He was unable to protect himself, however, and one of the results was a displaced rib.

New Petticoats—Silk and Heatherbloom

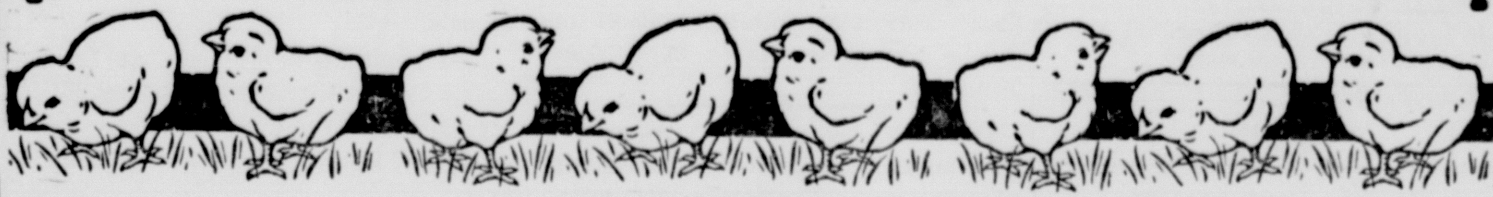

Of course there is no petticoat like a silk petticoat and in these days the qualities of silk are quite satisfactory in wear and the prices are most reasonable. We have a new line—just in yesterday—that will sell for \$6.50, \$7.00 and \$8.00. See them displayed in the window. HEATHERBLOOM PETTICOATS—The nearest to silk that is manufactured. They have the "cry" and they wear too. We are showing all colors and black—a new lot in this morning. From \$1.79 to \$3.75.

Basement Bargains—On Sale Saturday

We do not carry men's goods but we found a number of dozens of men's hosiery in black and fancies, that were so cheap that we simply could not resist buying them. They go on sale in the Basement Saturday morning and as the quantities of some numbers are limited you had best come early for a bargain.

Men's 50c hosiery will sell for 37c
Men's 25c hosiery will sell for 19c
Men's 15c hosiery will sell for 11c
Men's 10c hosiery will sell for 7c

SOLD INTO SLAVERY.

Little Children Bound Out to Farmers in Germany.

Friedrichshafen, Germany, April 10.—The annual recurrence of the century-old child labor market on March 21—which many local journals describe as only a slightly disguised selling into temporary slavery—has again aroused a storm of indignation in the frontier provinces of Austria, Switzerland and Germany.

In the market place of Friedrichshafen between 300 and 400 boys and girls of from eleven to fourteen years of age, whose homes are in the outlying districts of the Tyrol and the Vorarlberg, are contracted out yearly for seven months, from April 1 to the end of October, to farmers from Southern Bavaria, Wurttemberg and Baden.

Very little consideration is given to the wishes of the children themselves, most of them being sent into service against their will and in order to satisfy the avarice of their parents.

The children, generally in the charge of their parents, reach Friedrichshafen on labor market day. Here they are drawn up on the market place and then brought forward for inspection by a crowd of farmers, who look them over, feel and poke their limbs, meanwhile discussing loudly their physical merits and demerits.

The whole day is thus passed in the process of selection. Gradually all are disposed of and those in charge of the children then sign with the farmers agreements for the seven months' bondage and the sums agreed upon are handed over. This usually amounts for the entire period of seven months to \$12.50, but sometimes it attains \$20.

The terms of the contract are very harsh, providing that the children, regardless of sex, may be utilized for "cattle herding, housework, stable and stall cleaning, nursing children, feeding cattle, running errands and whatever else the farmer may require them to do."

RUSSIA IS INFORMED.

Attitude of American Government Unchanged.

Washington, April 10.—The Russian government has been put in possession of the views of the American state department respecting the administration of that portion of Harbin, Manchuria, controlled by the Chinese Eastern Railway company and brought into question by the attitude of American Consul General Fisher in maintaining that he is accredited exclusively to China, and consequently unable to recognize any other authority in Harbin. These views, which have been embodied in a note prepared by Secretary Root and transmitted to St. Petersburg through Baron Rosen, the Russian ambassador, make it clear that the attitude Consul General Fisher has maintained is entirely consistent with and not prejudicial to the relations which exist between China and the railroad company.

It is stated that no new instructions will go to Consul General Fisher as a result of the negotiations between St. Petersburg and Washington, and that the position of the American govern-

ment remains precisely as heretofore. On this point emphasis is given the statement that the American government is in no way involved nor has it taken any position with respect to the relations between the Chinese and Russian governments, or China and the railroad company. It is conceded that any such questions are primarily and exclusively the subject of negotiation between Russia and China; that the duty of this government is simply to abide by announced results of such negotiations, as it is endeavoring to do in the present instance.

JUST TIRED OF LIFE.

Prominent Lawyer and Civil War Veteran Commits Suicide.

Poughkeepsie, N. Y., April 10.—Colonel William L. De Lacey, a prominent lawyer, committed suicide by inhaling illuminating gas. He was a member of the Grand Army of the Republic and served in the Civil war. The following statement written by him was found on his bureau:

"For the past two years I have moralized, contemplated and fully determined upon this course. I had thought nature ere this would have become exhausted, but I seem to have too much of the elements of nature. I am like the old gambler who simply got tired of the game and quit. Life is but a game and I am tired of it and quit, so please spread the mantle of charity over me. I do this in a perfectly sane and sober moment, without knowledge or thought of where I am going. I had no thought of this world before I came into it, and I have no idea of the next. Theories count naught with me. I neither believe in transmigration, transubstantiation, nor transfiguration. I am not an orthodox. I believe in a creation and a creator. But who he is, or where he is, I know not, and I don't believe that anybody else does. He is too great for my humble mind to grasp. I humbly ask the forgiveness of those whom it may fall upon to look after my carcass and put it beneath the ground."

Woman Dies of Her Wounds.

Pueblo, Colo., April 10.—Mrs. Sherman T. Cammack, a society woman who was shot by her husband in a jealous rage on the night of Jan. 30, after which he instantly killed himself, died here. Mrs. Cammack had instituted a suit for divorce and was in her husband's office talking over an agreement as to property when the tragedy occurred.

Healthy Pills.

One day a Lancashire physician on his visiting day called at the house of a certain patient and, after seeing the man, said that he would send him a box of pills. When the physician returned to his surgery he called for his assistant and told him to take the box of pills to his patient and a hamper containing six young hens to a friend of his. Unluckily the messenger bungled over his errand and took the hamper containing the hens to the patient and the pills to the physician's friend. Imagine the consternation of the patient on receiving along with the fowls the following instructions: "Two of these to be swallowed every half hour."—London Spare Moments.

INSTRUCTED FOR HUGHES

Delegates to Chicago Elected in Greater New York.

New York, April 10.—A practically solid Hughes delegation to Chicago was chosen in Greater New York. Of the eighteen congressional district conventions thirteen instructed their delegates to vote for Governor Hughes for the presidential nomination "until he is nominated or until his name is withdrawn."

Two other delegations were instructed to work and vote for Hughes.

The Ninth district, Manhattan, the Seventh district, Brooklyn, and the Fourteenth district, Queens county, failed to instruct their delegates. The delegations uninstructed are claimed to be for Hughes, with the exception of the Fourteenth, where a resolution endorsing the governor's candidacy was voted down. In this portion of the city is the Aqueduct race track and the opposition to the governor in the Fourth district is credited to a disapproval of the governor's attitude in opposition to race track gambling.

In none of the conventions was an effort made to choose candidates favorable to the nomination of Secretary Taft. The secretary's name was, however, mentioned in several instances and invariably evoked applause.

The Hughes men are jubilant and prophesied that the state convention to be held in this city on Saturday would be enthusiastic for the governor. The disaffection in Albany county could not, it was declared, stay the tide that had set in for Hughes.

MINNESOTA FOR TAFT.

Solid Delegation Will Go to Chicago From North Star State.

St. Paul, April 10.—It was Taft, first, last and all the time in the county conventions in Minnesota. He will have the solid twenty-two delegates from this state and they will be instructed for him and him only. He will have the state convention and every district convention by overwhelming majorities. The victory is complete, as great as the Taft men had ever dared to predict, practically unanimous.

The hopes of the La Follette people were shattered. Their hopes of strength in the Fifth congressional district, Hennepin, having gone glimmering and while they talked of strength in the Seventh and Ninth, yet every county in both districts that had reported was for Taft.

When the state convention meets at Minneapolis next Thursday it will elect F. B. Kellogg of St. Paul, W. W. Heffelfinger of Minneapolis and E. B. Hawkins of Duluth as three of the four delegates-at-large. The fourth will come from either the First or Second district. W. B. Parsons of Winona will have the endorsement of his district. Two districts in the Second instructed for Senator F. E. Putnam and one for Frank Hunt of Mankato.

Goes to Prison for Life.

"For the past two years I have moralized, contemplated and fully determined upon this course. I had thought nature ere this would have become exhausted, but I seem to have too much of the elements of nature. I am like the old gambler who simply got tired of the game and quit. Life is but a game and I am tired of it and quit, so please spread the mantle of charity over me. I do this in a perfectly sane and sober moment, without knowledge or thought of where I am going. I had no thought of this world before I came into it, and I have no idea of the next. Theories count naught with me. I neither believe in transmigration, transubstantiation, nor transfiguration. I am not an orthodox. I believe in a creation and a creator. But who he is, or where he is, I know not, and I don't believe that anybody else does. He is too great for my humble mind to grasp. I humbly ask the forgiveness of those whom it may fall upon to look after my carcass and put it beneath the ground."

INSTRUCTED FOR HUGHES

Delegates to Chicago Elected in Greater New York.

New York, April 10.—A practically solid Hughes delegation to Chicago was chosen in Greater New York. Of the eighteen congressional district conventions thirteen instructed their delegates to vote for Governor Hughes for the presidential nomination "until he is nominated or until his name is withdrawn."

Two other delegations were instructed to work and vote for Hughes. The Ninth district, Manhattan, the Seventh district, Brooklyn, and the Fourteenth district, Queens county, failed to instruct their delegates. The delegations uninstructed are claimed to be for Hughes, with the exception of the Fourteenth, where a resolution endorsing the governor's candidacy was voted down. In this portion of the city is the Aqueduct race track and the opposition to the governor in the Fourteenth is credited to a disapproval of the governor's attitude in opposition to race track gambling.

In none of the conventions was an effort made to choose candidates favorable to the nomination of Secretary Taft. The secretary's name was, however, mentioned in several instances and invariably evoked applause.

The Hughes men are jubilant and prophesied that the state convention to be held in this city on Saturday would be enthusiastic for the governor. The disaffection in Albany county could not, it was declared, stay the tide that had set in for Hughes.

MINNESOTA FOR TAFT.

Solid Delegation Will Go to Chicago From North Star State.

St. Paul, April 10.—It was Taft, first, last and all the time in the county conventions in Minnesota. He will have the solid twenty-two delegates from this state and they will be instructed for him and him only. He will have the state convention and every district convention by overwhelming majorities. The victory is complete, as great as the Taft men had ever dared to predict, practically unanimous.

The hopes of the La Follette people were shattered. Their hopes of strength in the Fifth congressional district, Hennepin, having gone glimmering and while they talked of strength in the Seventh and Ninth, yet every county in both districts that had reported was for Taft.

When the state convention meets at Minneapolis next Thursday it will elect F. B. Kellogg of St. Paul, W. W. Heffelfinger of Minneapolis and E. B. Hawkins of Duluth as three of the four delegates-at-large. The fourth will come from either the First or Second district. W. B. Parsons of Winona will have the indorsement of his district. Two districts in the Second instructed for Senator F. E. Putnam and one for Frank Hunt of Mankato.

GOES TO PRISON FOR LIFE.

St. Louis, April 10.—William Elchinger, a saloonkeeper, was found guilty of shooting and killing his wife two months ago, and was sentenced to life imprisonment.

change in judicial affairs brings on an election this year and as Judge Stanton is a democrat, republican aspirants are already in the field looking affairs over with a view of making a campaign for the nomination at the primaries. B. F. Wright, a prominent attorney of Park Rapids and a gentleman well known throughout the northwest, has visited various parts of the district this week and will undoubtedly announce his candidacy in a very short time as he is said to have received encouragement that will warrant him in doing so. In the meantime A. L. Thwing, Grand Rapids, has announced himself for the republican nomination and is letting his friends know that he desires their support. Judge Stanton before he fairly gets the judicial bench warmed faces a contest for the election to the position to which he has been appointed.

Company Already Has Mill at Anoka and Will Operate the Atlas Mill

Geo. C. Jones, of Anoka, was in the city today and concluded a deal for the Atlas mill in this city. Mr. Jones bought the mill for a syndicate of Minneapolis and Anoka men and they will at least double the capacity of the mill, bringing it up to 150 barrels per day. Mr. Jones wishes THE DISPATCH to state to the farmers of Crow Wing county that they wish them to sow wheat this year and they can do so with a firm and positive assurance that the mill will pay the top market price in cash for all the wheat that can be raised in Crow Wing county, not only this year but for years to come. The gentlemen interested are experienced mill men and already have a good mill in Anoka. They will make a first-class mill of the one in Brainerd putting in much new machinery and making it up-to-date in every respect and will turn out a quality of flour which will not be excelled by any in the market. Work on the overhauling the mill will commence just as soon as the necessary machinery can get here and it is expected that it will be ready for operation in about six weeks.

Ladies' Musical Club
The last regular meeting for this club year will be Saturday afternoon, April 11. This meeting, "Russian Composers," will be particularly interesting and all members are urged to be present. An extra rehearsal of the ladies' chorus will be held Saturday evening, April 11, at the home of Miss Mahlum, 6th street South.

WILL BUILD ELEVATOR
Con O'Brien to Erect Grain Elevator on Lots Recently Purchased From H. J. Cunningham

Con O'Brien, who some months ago purchased the lots on which the residence of H. J. Cunningham stands on East Laurel street, has notified Mr. Cunningham to get the buildings off by the first of July. When seen by a DISPATCH representative this morning Mr. O'Brien stated that he intended to erect a grain elevator on that site this fall and might also erect other structures there. Mr. O'Brien has always bought more or less grains and seeds as well as handled a large amount of feed and evidently intends to go into the business even more heavily in the future.

DRIVES START MONDAY

Annual Log Drivers Start From Little Falls and Brainerd on That Date it is Reported

Little Falls, Minn., April 9.—J. L. Webb of the Mississippi & Rum River Boom company and Foreman Ed. Lavoy and I. H. Freeman are in the city collecting men to work on the two great drives, which will be launched next Monday.

Mr. Webb says that 40,000,000 feet of logs will be started near Brainerd and join about 10,000,000 feet. Each crew will contain about one hundred men.

Foreman Freeman will have charge of the upper drive and is now picking up men here. Another crew of men started from Minneapolis Wednesday morning in a steamboat and will reach St. Cloud. The crew on the drive from Little Falls to St. Cloud under Foreman Ed. Lavoy, will go as far as St. Cloud and return to this city to work on the upper drive.

MUSIC AND DRAMA

Coming Attractions

April 13—Stetson's Uncle Tom's Cabin.

Soon—The Power that Governs.

Soon—"The Burgomaster."

The announcement of the coming of Stetson's "Uncle Tom's Cabin," to the opera house on Monday, April 18, will be pleasant news to our amusement-goers. Every season it visits us and the reason it retains interest and keeps patronage at the high-water mark lies in the fact that Manager Washburn has added some features to please and interest. This season is no exception and we are assured that the production will excel in attractiveness anything yet seen under the title of this old dramatic landmark. The colored contingent has been materially added to.

The Power That Governs

Creston Clarke, in all probability the most noted of the younger school of serious American actors, is this season using as a vehicle for his tour "The Power that Governs," a new and powerful three act drama by Adelaide Prince. The distinction attained by Mr. Clarke, first as an interpreter of Shakespearean roles and later by his memorable representation of "Monsieur Beaucaire," have made his visits to this city theatrical events of unusual importance.

The Burgomaster

At last a real genuine comic opera, presented by a company of exceptional merit, will prove quite an innovation to local music lovers. That musical gem "The Burgomaster" with many of the first and original company is booked to appear shortly at the Brainerd opera house. The present company is headed by Gus Weinburg and Ruth White, who are both well known to the comic opera stage, and the supporting company numbers over half a hundred others.

"Bijou"

The vaudeville program at the Bijou last night was one of the best yet seen in this city. Mildred LeRoy a character change artist and Mr. Ludlow, comedian and baritone singer appeared in a comedy sketch that kept the crowd in a roar during their appearance. The illustrated song, "Tokens of the Old Time Days," sung by Miss Mahlum was a beautiful composition well rendered and handsomely illustrated. The motion pictures were up to the high standard set by Manager Low and the entire entertainment was pleasing. It will be repeated tonight and tomorrow night.

"At the Unique"

The program at the Unique last night was a very interesting one. It opened up with a beautiful illustrated song entitled "The Angel of My Dream." The vaudeville act by Kohlas and Miller "The Country Grocer" was good and caused a laugh from start to finish. Their work is very clever. The life motion pictures are as follows: The headliner being "Way Down East," shows the entire drama from start to finish. Other films are "Toula's Dream," a comedy; "Swedish Dances" showing the different styles of dancing in Sweden; "Avaricious Father" a tragedy.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. DEERWOOD NOTES

Mons. Mahlum and A. G. Trommald of Brainerd, were Deerwood visitors on Sunday. They spent the evening at the home of Harry Patterson.

Mrs. Tom Cole and Mrs. William Reid were Brainerd visitors between trains on Monday.

Miss Bessie Archibald came up from Aitkin Friday to stay until Sunday when she goes out to Rabbit Lake to begin her spring term of school.

Mrs. H. Knapp, of Brainerd, returned to her home after a weeks visit with her friend Mrs. Cole.

Mrs. Robt Archibald, Mrs. Robt. Coffin, Mrs. Otto Wasserzieher, Mrs. O. C. Coffin and Mrs. C. H. Adams went to Aitkin on Tuesday to attend the play given by the Relief Corps of which they are members.

Mrs. D. E. Whitten went to Aitkin to see Mrs. J. W. Schenck.

Mr. and Mrs. Otto Wasserzieher gave a card party Friday evening in honor of Mrs. Knapp, 500 was played and a very enjoyable time was spent.

All the cottages around Serpent Lake as well as Reno Lake have been broken into, windows smashed and a general disturbance made. While nothing of any particular value has been taken it goes to prove the mischief has been done by young boys who consider the trick smart. They ought to be severely punished as a lesson if nothing else, to the rest of the boys around here.

Dick Harms is rushing his building along and will soon have it under shelter. The down stairs will be the butcher shop and the dwelling rooms upstairs.

Mrs. Lough has bought a lot on "Linden Lane" and has it already cleared. She expects to build in the near future.

Rainerd Olson and family are going to move out to the shaft at Rabbit Lake where Mr. Olson will run the store.

Mrs. Jasper Hilyar has been on the sick list the past few days with a very bad cold.

Mrs. Berg is expected back from Mora this week.

David Orr and family came up from Superior Friday night to attend the funeral of their sister, Mrs. Bull, who died of consumption and the gripe on Thursday. The funeral was held on Sunday, conducted by Rev. Parish and Rev. Sutton, of Aitkin.

Rev. Sutton, of Aitkin, preached to a large congregation Sunday night.

The Methodist Ladies' Aid will give an ice cream social Saturday evening, April 11th. Ice cream and cake served for 15c. The proceeds to go towards getting new paper for the church before the pews are put in.

On Thursday evening, April 2nd, the Junior Class of girls came down and surprised Mrs. Wetzel at her home. It was the anniversary of Mrs. Wetzel's birthday and as she was their Sunday school teacher they took it upon themselves to surprise her and presented Mrs. Wetzel with a beautiful Berry Set, also bringing lunch. Coffee and lunch was served and the evening spent in playing games and a very pleasant time enjoyed by all.

Miss Cecile Rathvon gave a taffy pull Friday evening. Quite a crowd of the younger set were there and a very pleasant evening spent by all.

School began on Monday again after a weeks vacation enjoyed by all.

Mrs. O. E. Culver left on Tuesday for Grand Rapids, Mich., where she will spend some time visiting her mother and sister.

There will be Easter Exercises given by the girls of the M. E. Sunday school. Only two boys will take part.

Y. M. C. A. Notes

The board of directors held a regular meeting Tuesday night.

A. T. Larson, treasurer, reported for the month of March, receipts of \$136.67, \$85.75 of which came through the association office.

The general secretary's report covered numerous items, the gymnastic exhibition having been declared a success from all stand points, the credit of which goes to Dr. Nicholson and his physical section committee; the attendance upon gymnasium classes for the month was as follows: High school squad 50 per cent, special squad 77.7 per cent, young men's squad 90.8 per cent, and the junior squad 95.8 per cent making an average of 78.5 per cent, the general average for the year since last September being 64.8 per cent, which is very good for the first year.

The membership of the association April 1 numbered 218.

Arrangements are now being made for the annual meeting which will be held early next month. Annual reports will be given at that time and the nominating committee will make its report for the annual election of part of the board which will also take place at that time.

Receipts through the office for March were \$85.75.

The educational committee, Mr. White chairman, reported a debate on woman suffrage to take place April 17 at the Y. M. C. A. building, the question to be affirmed by C. C. Sorenson and Quinn Parker and denied by G. S. Swanson and Fred DuBois. Also a practical discussion club with a series of five discussions on advertising to be conducted by H. F. Michael, beginning April 14, the fee to cover expense of same being 50 cents. This is only a starter for educational work.

The physical section committee through Dr. Nicholson reported in detail the result of the exhibition showing all bills paid in connection with the exhibition and a final band account of \$113.26.

Plans toward the city baseball league were reported under way also a Y. M. C. A. camp to be put on a clean, safe basis and to be under the supervision of a reputable Y. M. C. A. man. Large plans for a big day July 4th are also under way.

The baseball league seems to be taking on form very rapidly and promises to be a warm race.

Regarding the nominating committee of the board of directors of the Y. M. C. A. and the nomination of new members a part of section 15 of the by-laws provides the following: "Any active member of the association may present in writing, over his own signature, to the nominating committee, within one week after his appointment, the name of any active member for nomination." The week will expire next Wednesday night.

Y. M. C. A. Notes

The board of directors held a regular meeting Tuesday night.

A. T. Larson, treasurer, reported for the month of March, receipts of \$136.67, \$85.75 of which came through the association office.

The general secretary's report covered numerous items, the gymnastic exhibition having been declared a success from all stand points, the credit of which goes to Dr. Nicholson and his physical section committee; the attendance upon gymnasium classes for the month was as follows: High school squad 50 per cent, special squad 77.7 per cent, young men's squad 90.8 per cent, and the junior squad 95.8 per cent making an average of 78.5 per cent, the general average for the year since last September being 64.8 per cent, which is very good for the first year.

The membership of the association April 1 numbered 218.

Arrangements are now being made for the annual meeting which will be held early next month. Annual reports will be given at that time and the nominating committee will make its report for the annual election of part of the board which will also take place at that time.

Receipts through the office for March were \$85.75.

The educational committee, Mr. White chairman, reported a debate on woman suffrage to take place April 17 at the Y. M. C. A. building, the question to be affirmed by C. C. Sorenson and Quinn Parker and denied by G. S. Swanson and Fred DuBois. Also a practical discussion club with a series of five discussions on advertising to be conducted by H. F. Michael, beginning April 14, the fee to cover expense of same being 50 cents. This is only a starter for educational work.

The physical section committee through Dr. Nicholson reported in detail the result of the exhibition showing all bills paid in connection with the exhibition and a final band account of \$113.26.

Plans toward the city baseball league were reported under way also a Y. M. C. A. camp to be put on a clean, safe basis and to be under the supervision of a reputable Y. M. C. A. man. Large plans for a big day July 4th are also under way.

The baseball league seems to be taking on form very rapidly and promises to be a warm race.

Regarding the nominating committee of the board of directors of the Y. M. C. A. and the nomination of new members a part of section 15 of the by-laws provides the following: "Any active member of the association may present in writing, over his own signature, to the nominating committee, within one week after his appointment, the name of any active member for nomination." The week will expire next Wednesday night.

VANDERBILT DIVORCE CASE

Referee Recommends That Plaintiff Be Granted a Decree.

New York, April 10.—Referee McClure has finished his report in the case of Mrs. Ellen French Vanderbilt, who has brought suit for divorce from her husband, Alfred Gwynne Vanderbilt. The report will be handed up to Supreme Court Justice O'Gorman next Monday.

While official confirmation is lacking, it is reported that the referee recommends that an absolute divorce be granted the plaintiff.

There were five hearings, during

which eleven witnesses were examined. The chief witness was the first butler in the Vanderbilt home. None of the parties said to have been named in the complaint was called. Mr. Vanderbilt, it is said, made only a formal defense. The question of a money settlement upon Mrs. Vanderbilt is understood to have been the subject of several conferences between counsel, with no decision reached. It is reported that their seven-year-old son, William Henry Vanderbilt, will be given into the custody of the mother and that the father will be permitted to see the child frequently.

ONLY THREE ESCAPE.

Ship Arthur Sewell Burned at Sea and Many Perished.

Philadelphia, April 10.—Authentic information to show that the ship Arthur Sewell, which sailed from this port for Seattle on April 3, 1907, with a cargo of coal, was burned at sea, was brought here by George Baker, one of the crew. Baker, who is a Hawaiian, with Charles Dixon and Second Mate Weinberg, are so far as known, the only survivors. Baker came here from New York, where he arrived on the German-Lloyd steamer Kronprinzessin Cecilie, as a stoker. He says the Sewell was burned shortly after rounding Cape Horn. The ship was in command of Captain Gaffrey and carried a crew of twenty-six men.

First Translation of a Buddha Book. Justine Hartley Moore, a student in the Indo-Iranian department at Columbia university in New York, recently completed a translation of the "Tilvuttaka," or "The Sayings of Buddha," which is the first translation of the work ever made into English. This is one of the few important documents on Buddhism that have apparently been overlooked by orientalists. There is a Chinese version supposed to have been made in the seventh century A. D. The hope that it might throw some new light on the much discussed teachings of Buddha was what made Moore first interested in the project of translating it.

Gift From Mrs. Sage.

Princeton, N. J., April 10.—At a meeting of the board of trustees of Princeton university announcement was made of the gift of \$250,000 from Mrs. Russell Sage for a dormitory building to be used by members of the freshmen class. Other gifts announced were: The Princeton committee of fifty, \$31,978.70; class of 1877, \$10,000; class of 1881, \$12,000; general education board, \$64,666.66.

GRANNAN, PLUNGER.

Reminiscences of One of America's Greatest Turfmen.

FORTUNE LOSER AND WINNER

Greatest Exhibition of His Iron Nerve. Would Bet In Any Kind of a Game. Amusing Incident at a Chicago Hotel That Depicts One of His Characteristics.

Riley Grannan, the noted plunger, who died the other day at Rawhide, Nev., was one of the most picturesque figures the American turf has ever known. Next to Pittsburg Phil, he was the coolest, gamest man that made and lost money on the track. With \$60,000 staked on a race, this man of iron nerve would stand on his stool on the lawn and without a tremor watch his favorite be beaten by some supposed second rater.

Fortune after fortune slipped through his hands, but each time until 1907 he retrieved. Then he went almost absolutely broke, and the Riley Grannan who in the old days plunged thousands on a contest became Riley Grannan the two dollar bettor.

The greatest exhibition of nerve the plunger ever gave was witnessed when Henry of Navarre and Domino ran a dead heat. Grannan, at the zenith of his career, had backing for his book and decided to risk everything on Henry of Navarre. Other bookmakers posted their prices against Grannan's choice. Suddenly Riley leaped on his stool and shouted prices two points lower.

"If I had had six hands instead of two," he said later, "I couldn't have taken the money offered. I heard the cry, 'They're off!' I heard the pounding hoofs, and I was still taking the money. Then came the thrilling call, 'A dead heat between Navarre and Domino!' I stood on that stool prepared to lose \$150,000—the amount I was pledged to pay if Domino won."

And Grannan never turned a hair during those tense moments.

The number of times Grannan watched a horse which figuratively bore on its back every cent he had in the world would make a long list. In a narrative of that series of crucial moments it could not be truthfully stated that he quailed once. He would bet in any kind of a game. It was said he would bet on how far a peanut would roll down a hill.

Some years ago a smooth faced young man sat twirling his thumbs absent-mindedly in the corridor of a Chicago hotel. He seemed entirely uninterested in what was going on around him. A flashily dressed man with a huge diamond in his scarlet necktie came noli in and, walking up to the desk, said to one of the clerks:

"Joe, is there anybody about this hotel that knows a filly from a colt? Is there a racing man in the house?"

"That man over there goes to the track occasionally," replied the clerk, pointing to the silent youth.

"That boy?" returned the stranger. "Well, if there's no one else around that can talk horse, why, I suppose I'll have to jolly him. Introduce me."

"Grannan," cried the clerk, "this is my friend Colonel Johnson."

The silent youth bowed and turned a smiling face toward the noisy stranger. "You know something about horses. I believe," began the latter. "Well, I'm a horseman myself, and I want to talk horse for awhile. You see, I'm a Kentuckian."

"Yes?" replied the youth. "So am I."

The stranger began a long dissertation on horses, trying to draw his companion into a discussion of the relative merits of southern and western animals, but the youth maintained strict silence, shaking his head every once in awhile to indicate what he thought of the matter in question at the moment. Finally the stranger began talking about a race to be run the next day, winding up his discourse by insisting that a certain horse would win.

"He can't lose," he said. "He simply can't run behind any of those other dogs."

The quiet man listened, but never an opinion did he venture until the stranger, in a last desperate effort to get him to talk, said:

"I don't believe you know anything about horses at all."

The quiet man's eyes flashed, and then, looking up, he said:

"Do you really think that horse will win?"

"Why, of course he'll win," replied the other.

"Well," said the quiet man, "I'll bet you \$10,000 that he doesn't," and in a second he had hauled out a big roll of bills and was counting off bank notes as fast as he could.

"Why, you kid, you child, what do you mean?" demanded the stranger, rising to his feet.

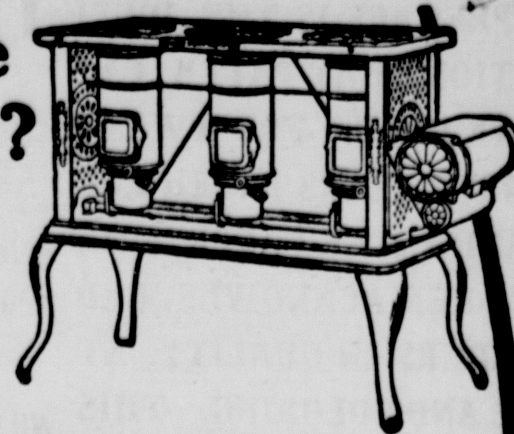

"Simply a friendly wager," replied the youth.

The stranger didn't wait to hear any more, but walked out of the hotel, while the quiet youth put away his bank roll and relaxed once more into thoughtful silence.

This incident occurred before Riley Grannan's nerve, judgment and luck had made him the greatest race track plunger of modern times, but if the story were told tomorrow to any one of the many racing men in the United States and no names were mentioned he would pick out Grannan as the quiet man. His action in letting the other man talk until he was tired and then knocking him into a heap with one blow was so thoroughly characteristic of Grannan that nobody who knew him would for a moment doubt that he was the hero of the story.

Shipowners Refuse to Treat With Labor Unions and the Men Threaten to Quit—Forty Thousand Men Are Involved.

Detroit, April 10.—Recording Secretary Olander of the Lake Seamen's union declared that the adoption of the open shop policy and an attempt to enforce it will mean a strike of the seamen and firemen. The seamen's union has about 16,000 members and the marine firemen have about 4,000. Each organization has about \$80,000 in its reserve fund.

OPEN SHOP POLICY.

Will Be Adhered to by Vessel Owners on Great Lakes.

Cleveland, O., April 10.—The "open shop" policy will be adhered to by vessel owners in the operation of boats upon the Great Lakes this season. A stand of this character in dealing with organized labor was unanimously agreed to at the annual meeting of the Lake Carriers' association here. The rule will be put into operation at once and will affect upwards of 40,000 men. Whether the plan adopted by the boat owners will be opposed by the various unions is unknown. None of their representatives was present at the meeting.

While the carriers do not take the position of being antagonistic to organized labor, they say employees will be dealt with individually irrespective of their labor affiliations. The vesselmen also recommended the paying of the highest wages.

The first move along this line was taken when the Pittsburg Steamship company, operating the boats of the United States Steel corporation, made contracts with their engineers individually. No trouble was experienced.

The Cleveland interests agreed a few weeks ago to ignore the unions and it was through their efforts that the association was induced to adopt the same measures, thus affecting all ports and practically all of the tonnage on the lakes.

The action of the association is based upon their declared desire to retain complete control of their boats and place the discipline of the ships within the power of the executive officers.

KILLED HIS WIFE.

Pennsylvania Man Then Tried to End His Own Life.

Pittsburg, April 10.—William F. Reiss, proprietor of a meat market at Economy, the former communistic settlement near here, who was found in his home by a clerk unconscious and apparently dying from a bullet wound, while his wife lay dead in her bed, also the victim of a bullet, confessed, it is alleged, that he fired the two shots. A formal charge of murder was placed against him and a policeman is on guard at his bedside in a hospital in Rochester, Pa., where he was taken soon after the tragedy was discovered. He said that when he returned home at night he and his wife became involved in an altercation during which she called him names which excited him into an uncontrollable frenzy and he shot her dead. He then attempted to end his own life.

PHYSICIANS DISCUSS NEW THEORY

Cooper's Views of Human Stomach Noted by Medical Men.

A recent article in the New Orleans Item gives an account of the effect upon the medical profession of that city with regard to L. T. Cooper's theory that the human stomach is responsible for most ill health. The article is as follows:

"The astonishing sale of Cooper's preparation in this city has now reached such immense figures that the medical fraternity have been forced into open discussion of the man's theories and medicines.

"The physicians seem to be divided with regard to the young man's success in New Orleans—some being willing to credit him for what he has accomplished, while others assert that the interest he has aroused is but a passing fad that will die out as quickly as it has sprung up.

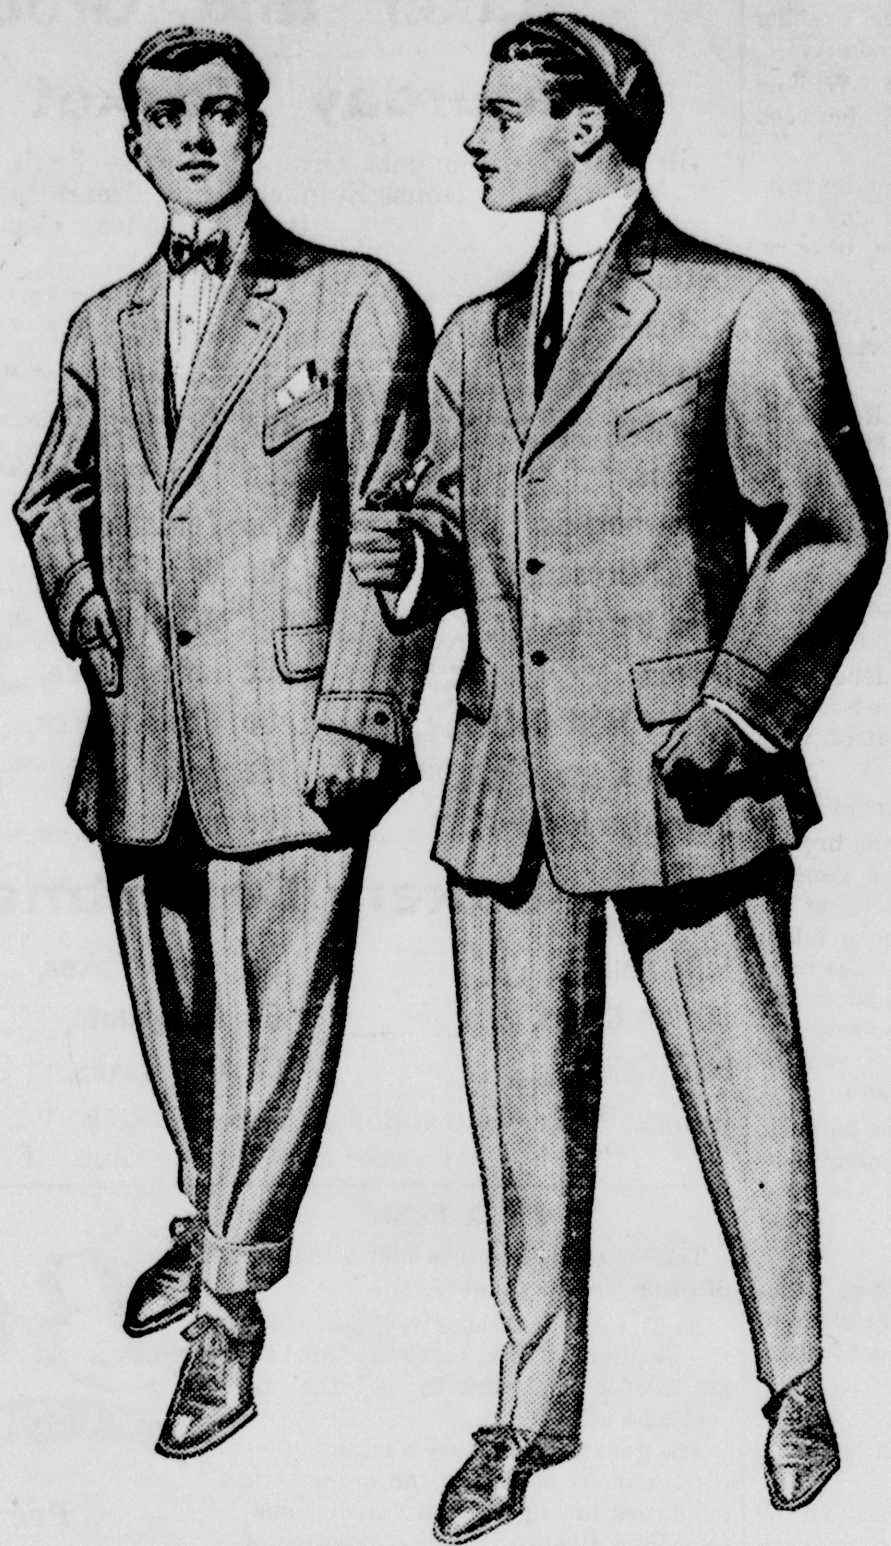

"In a statement recently obtained from a well-known physician of this city, the position of those in favor of Cooper is well voiced. The doctor said: 'I am not a believer in proprietary medicines, but I must admit that some

of the facts recently brought to my attention concerning this Cooper medicine have gone far toward removing the prejudice I had formed against them when I first heard of Cooper's new ideas and medicines.

"Numbers of my patients whom I have treated for chronic liver, kidney and stomach troubles have met me and stated that Cooper's medicine has accomplished wonderful results for them. I notice particularly in cases of stomach trouble that the man has relieved several cases that were of years' standing and proved very obstinate to treatment.

"I do not wish to stand in the way of something that may be for the public good, simply through professional prejudice, and I am inclined to give Cooper and his preparations credit as deserving to some extent the popular demonstration that has been accorded them in this city."

We sell the Cooper medicines. They are proving remarkably successful throughout the entire United States. —H. P. Dunn & Co.

settlement near here, who was found
in his home by a clerk unconscious
and apparently dying from a bullet
wound, while his wife lay dead in her
bed, also the victim of a bullet, con-
fessed, it is alleged, that he fired the
two shots. A formal charge of murder
was placed against him and a police-
man is on guard at his bedside in a
hospital in Rochester, Pa., where he
was taken soon after the tragedy was
discovered. He said that when he
returned home at night he and his
wife became involved in an alterca-
tion during which she called him
names which excited him into an un-
controllable frenzy and he shot her
dead. He then attempted to end his
own life.

VANDERBILT DIVORCE CASE

Referee Recommends That Plaintiff
Be Granted a Decree.

New York, April 10.—Referee Mc-
Clure has finished his report in the
case of Mrs. Ellen French Vanderbilt,
who has brought suit for divorce from
her husband, Alfred Gwynne Vander-
bilt. The report will be handed up to
Supreme Court Justice O'Gorman next
Monday.

While official confirmation is lack-
ing, it is reported that the referee rec-
ommends that an absolute divorce be
granted the plaintiff.

There were five hearings, during

which eleven witnesses were ex-
amined. The chief witness was the
first butler in the Vanderbilt home.
None of the parties said to have been
named in the complaint was called.
Mr. Vanderbilt, it is said, made only
a formal defense. The question of a
money settlement upon Mrs. Vander-
bilt is understood to have been the
subject of several conferences between
counsel, with no decision reached. It
is reported that their seven-year-old
son, William Henry Vanderbilt, will
be given into the custody of the moth-
er and that the father will be per-
mitted to see the child frequently.

ONLY THREE ESCAPE.

Ship Arthur Sewell Burned at Sea and
Many Perished.

Philadelphia, April 10.—Authentic
information to show that the ship Ar-
thur Sewell, which sailed from this
port for Seattle on April 3, 1907, with
a cargo of coal, was burned at sea,
was brought here by George Baker,
one of the crew. Baker, who is a
Hawailian, with Charles Dixon and
Second Mate Weinberg, are so far as
known, the only survivors. Baker
came here from New York, where he
arrived on the German-Lloyd steamer
Kronprinzessin Cecilie, as a stoker.
He says the Sewell was burned short-
ly after rounding Cape Horn. The
ship was in command of Captain Gaf-
frey and carried a crew of twenty-six
men.

First Translation of a Buddha Book.

Justine Hartley Moore, a student in
the Indo-Iranian department at Colum-
bia university in New York, recently
completed a translation of the "Iti-
Vuttaka," or "The Sayings of Buddha,"
which is the first translation of the
work ever made into English. This is
one of the few important documents on
Buddhism that have apparently been
overlooked by orientallists. There is
a Chinese version supposed to have
been made in the seventh century
A. D. The hope that it might throw
some new light on the much discussed
teachings of Buddha was what made
Moore first interested in the project
of translating it.

meeting of the board of trustees of
Princeton university announcement
was made of the gift of \$250,000 from
Mrs. Russell Sage for a dormitory
building to be used by members of the
freshmen class. Other gifts announced
were: The Princeton committee of
fifty, \$31,978.70; class of 1877, \$10,000;
class of 1881, \$12,000; general educa-
tion board, \$84,666.66.

PHYSICIANS DISCUSS NEW THEORY

Cooper's Views of Human Stomach Noted
by Medical Men.

A recent article in the New Orleans
Item gives an account of the effect
upon the medical profession of that
city with regard to L. T. Cooper's the-
ory that the human stomach is respon-
sible for most ill health. The article
is as follows:

"The astonishing sale of Cooper's
preparation in this city has now reach-
ed such immense figures that the medi-
cal fraternity have been forced into
open discussion of the man's theories
and medicines.

"The physicians seem to be divided
with regard to the young man's suc-
cess in New Orleans—some being will-
ing to credit him for what he has ac-
complished, while others assert that
the interest he has aroused is but a
passing fad that will die out as quickly
as it has sprung up.

"In a statement recently obtained
from a well-known physician of this
city, the position of those in favor of
Cooper is well voiced. The doctor said:
'I am not a believer in proprietary
medicines, but I must admit that some

of the facts recently brought to my
attention concerning this Cooper medi-
cine have gone far toward removing
the prejudice I had formed against
them when I first heard of Cooper's
new ideas and medicines.

"Numbers of my patients whom I
have treated for chronic liver, kidney
and stomach troubles have met me and
stated that Cooper's medicine has ac-
complished wonderful results for
them. I notice particularly in cases
of stomach trouble that the man has
relieved several cases that were of
years' standing and proved very ob-
stinate to treatment.

"I do not wish to stand in the way
of something that may be for the pub-
lic good, simply through professional
prejudice, and I am inclined to give
Cooper and his preparations credit as
deserving to some extent the popular
demonstration that has been accorded
them in this city."

We sell the Cooper medicines. They
are proving remarkably successful
throughout the entire United States.
